Township Highlights and Happenings

Township's Finances Are In Very Good Shape. The Township's annual audit for FY2012 was recently completed. The auditors verified ample reserve accounts for all funds and commented that the Township was in "very good financial shape". Township officials continually strive to operate your Township in an efficient, cost effective manner. The Township recently refinanced a twenty year capital improvement bond that had been issued in 2003 in the amount of \$3.5 million. The Township's excellent AA bond rating allowed the Township to obtain a very favorable interest rate of less than 2% on the remaining \$2.185 million that was refinanced for ten years. The estimated savings of \$250,000 will be directly passed on to taxpayers and Utility Department customers.

Toll Brothers To Construct 32 Luxury Homes On Geddes Road.
